On 02/15/17 I responded to the area of 103 Americana Blvd NW in regard to shots being fired. While responding heard reports over the police radio that officers were involved in the shooting and that the subject was down.

While responding I ensured the chain-of command was notified via dispatch and rescue was dispatched. When I arrived on scene I entered into the residence and observed Ofc Duane Smith #128 and Ofc Dolci #81 inside the residence. Ofc Smith was inside the door of a back bedroom and Ofc Dolci was in the hallway. I checked on the status of the officers and then walked into the bedroom where I observed a white male, lying on his left side on the ground. I also observed Ofc Trammell #167 crouched next to the male rendering first aid. I also observed several bullet casings in the front room of the house and in the hallway.

I asked where the firearm was located and Ofc Trammell stated it had been placed on the foot of the bed. I looked and saw a silver/chrome plated revolver on the foot of the bed. I asked the status of the subject and was advised that there appeared to be gunshot wound on his arm, not life threatening. I then ensured that both subject officers were assigned a companion officer per department policy and escorted them outside of the house.

While outside Ofc Smith informed me that the subject had pointed a gun in their direction. There were no other statements made by either officer regarding this investigation to me. At this point my duties turned to administrative and ensuring that the crime scene was protected. I eventually turned over command of the interior crime scene to Lt Augello #139 when he arrived on scene. I have no further information at this time.

On February 15th, 2016 I Sergeant Marlena Hentschel responded to 103 Americana Blvd NW in reference to a call from Officers Smith and Dolci at a possible suicidal subject. Officer Smith had advised over the radio shots had been fired and indicated officers had been involved. I as well as multiple officers responded emergency mode. On arrival I parked past the residence and responded to the front door where I was met by Lt Imel. Lt Imel had assumed command and delegated me to oversee the scene inside the residence. As I entered the residence I observed an elderly female whom I later was informed was Margaret Pastor who was standing at the front door. I asked her to take a seat on a couch in the living room and entered a hallway and walked towards a back right bedroom where officers were rendering medical aid to a down subject in a back room. Due to the amount of Officers I remained in the hallway and quickly scanned the surroundings of the scene. I observed what appeared to be bullet holes in the transition between two doors and a firearm on a bed in the back room. I observed several officers in the room to include Officers Trammel, Austin, and Rodriguez accompanied by PPO's Bogges and Bell. I did not enter the room and exited the hallway. I observed three casings in the front room and requested Cpl Richards enter the residence and ensure as medical personnel entered they did not disturb any of this evidence.

Ofc Trammel and his PPO were requested to exit the room upon arrival of medical personnel. Ofc Austin was reassigned to Crime Scene security at the front door, and Ofc Rodriguez and her PPO were requested to maintain security of a firearm in the back bedroom. I exited the residence and did not re-enter. Outside I ensured the crime scene tape was applied around the perimeter and media staging area. I additionally ensured both subject officers had been assigned buddy officers and were removed from the scene. I remained on scene assisting Command in the gathering of information for staff and assisting on the perimeter as needed. No further action taken by this officer.

On February 16th 2017 at approximately 1845 hours, I was requested to respond to the Palm Bay Police Department to assist with an officer involved shooting that occurred at 103 Americana Blvd. I was tasked with assisting FDLE Agent Brad Lewis with interviewing witness officers.

The first interview was conducted with Officer Gordon Bell. Officer Bell indicated he was working in the capacity of a PPO (Probationary Police Officer) and was riding with FTO (Field Training Officer) Trammell. Just after briefing concluded, a call for service reference a suicide threat was dispatched and Officer D. Smith and Officer Dolci resp. Shortly after the officers assigned to the call arrived, a radio transmission of shots fired was relayed. At that time, Officer Bell and Officer Trammell responded to the residence.

Officer Bell indicated he and Officer Trammell responded from the police station and estimated it took 2-3 minutes to respond. Once on scene, he and Officer Trammell entered the residence and made contact with Officer Smith and Officer Dolci. The officers were in the back bedroom to the right as one would walk down the hallway. Officer Bell observed an older white male lying on the floor with blood pooling at the area of his hand. Officer Bell began rendering aid to the male as Officer Trammell cleared the revolver that was lying on the bed. Officer Bell did indicate that the revolver had rounds of ammunition lying next to the revolver. Officer Bell indicated the wounded male was asking Officer Bell to shoot him. The subject kept repeating for Officer Bell to shoot him. Officer Bell continued to assess the subject and believed there were two gun wounds to his right arm. Officer Trammell then escorted the two officers involved in the shooting outside to be paired with other officers. Officer Bell remained with the subject until Fire Rescue arrived and took over. Officer Bell indicated he had no other involvement at the scene.

We then interviewed Officer Trammell who indicated the following: Officer Smith and Officer Dolci were dispatched to 103 Americana Blvd in reference to a suicidal subject. Officers had just cleared briefing and were still at the police station when Officer Dolci called out shots fired over the radio. He and Officer Bell responded to the scene. Once on scene, he went inside with Officer Bell and observed an elderly female in the front room. He asked where the officers were and heard Officer Smith yell to him from down the hallway. He went down the hallway to the room and made contact with both officers. He asked if they both fired their weapons and they indicated they did. He then escorted both officers outside and placed them with other officers while officers dealt with the scene. Officer Trammell advised when he was in the bedroom, he observed a revolver lying on the bed and the gun was unloaded. He observed an elderly male lying on the floor bleeding from the right arm. Officer Trammell indicated when he observed the revolver on the bed, he also observed 5-6 rounds of ammunition next to the gun. He heard the subject say something to Officer Bell and Officer Bell replied, "No we're not going to shoot you". Officer Trammell then asked Officer Bell what the subject said.

Officer Trammell did not hear any additional comments from the subject or the subject's mother

An interview was then conducted with Officer Boggess who was working in the capacity of a PPO and was with FTO Rodríguez. Officer Boggess advised of the following. He was still at the station when officers on the scene of a suicidal subject advised of shots fired over the radio. He and Officer Rodríguez responded to the scene with multiple other officers. They entered the residence where he observed Officer Smith, Officer Dolci, Officer Bell, Officer Trammell and Cpl. Fooks. He observed a white male subject on the floor of the bedroom with a gunshot wound and also observed a revolver on the bed with approximately six rounds lying beside the gun. The cylinder to the gun was open. He remained next to the gun so it would not be disturbed by Fire Rescue personnel. Officer Boggess advised no one handled the firearm in his presence. He did hear the male subject on the floor asking officers to shoot him and that he wanted to die.

An interview was then conducted with Officer Williams who advised the following. Briefing had just concluded when he heard the radio traffic from officers on scene of shots fired. Officer Williams responded from the police department to the scene. He entered the house where he observed Officer Smith, Officer Dolci and Officer Trammell in the bedroom. Officer Trammell instructed him to escort Officer Smith outside and remain with Officer Smith. He then escorted Officer Smith back to the Palm Bay Police Department. Officer Smith never made any comments about the incident to him.

An interview was then conducted with Officer Galioto who was working in the capacity of a FTO and was with PPO Martina. Officer Smith and Officer Dolci responded to a call of a suicidal subject. Once briefing had concluded, he heard Officer Dolci call out shots fired over the radio. He and PPO Martina responded to the scene where they entered the front door with other officers. He observed an elderly female near the front door. He ran passed her and proceeded down the hallway where he observed Officer Smith and Officer Dolci. He walked to the bedroom threshold where he observed a white male subject on the floor and was bleeding. He then escorted Officer Dolci outside where he remained with Officer Dolci for approximately 10 minutes. He did not hear Officer Dolci or Officer Smith make any comments about the shooting. He remained outside until the subject was transported to the hospital. He rode in the ambulance with the male subject. The male did not make any comments to him about the shooting. He did hear the male tell the paramedics that he was shot. While at the hospital he did not hear the male make any comments about the shooting.

An interview was then conducted with Officer Martin who was working in the capacity of a PPO and working with Officer Galiato. Officer Martin advised she and Officer Galiato responded to the scene from the Palm Bay Police Department. She was aware that Officer Dolci and Officer Smith had responded to this location for a suicidal subject and had transmitted over the radio that shots were fired. Once they arrived on

scene she went inside the residence with Officer Galiato and observed the elderly female. She saw Officer Dolci by the door but was not able to make it inside the bedroom where the subject was located. Due to the amount of officers in the bedroom she was positioned in the doorway of another bedroom. She then went outside with Officer Galiato and Officer Dolci. She then drove the patrol vehicle behind the ambulance to the hospital. She remained at the hospital until relieved. She did not hear the subject or either of the officers make any comments about the shooting.

An interview was then conducted with Officer Austin who stated the following. While officers were in briefing Officer Smith and Officer Dolci responded to a call of a suicidal subject at 103 Americana Blvd. Shortly after arriving on scene he heard Officer Smith transmit shots fired over the radio. He then responded to the scene where he ran inside the house and rendered aid to the white male subject lying on the floor. He cut off the subject's clothing to look for wounds. He observed wounds to his right arm but no others. He observed a silver revolver on the bed. Once rescue personnel arrived, he went outside and maintained the crime scene log until relieved by another officer. He did not hear either officer involved or the subject make any statements.

All the interviews were audio recorded and entered into Property and Evidence. No additional action taken by this officer.

CASE SYNOPSIS

On February 15th 2017 at approx 1752 hrs, Palm Bay Police Department responded to 103 NW Americana Blvd reference to a disturbance. The complainant Margaret Pastor contacted Palm Bay School Crossing Guard Pauline Tobar and requested police assistance because her son/Defendant Andrew John Pastor had locked himself in his bedroom. Margaret feared the Defendant was going to hurt himself. Tobar immediately notified this agency.

Ofc Duane Smith and Ofc Peter Dolci arrived on scene at approx 1805 hrs. Shortly after their arrival Ofc Smith yelled out shots had been fired. Additional patrol officers responded to the scene to assist. The Defendant was located inside the southeast bedroom suffering from a gunshot wound to the right arm. There were no reported physical injuries to the officers. Palm Bay and Brevard County Fire Rescue was summoned to the scene and the Defendant was

transported to Holmes Regional Medical Center for what appeared to be non-life threatening injuries

INVESTIGATION

I arrived on scene at 1822 hrs. Upon arrival I made contact with Lt Imel who briefed me and Lt Augello on the investigation. According to Lt Imel at approx 1800 hrs this agency received a call reference to an elderly female inside the residence with her elderly son. The elderly female was later identified as Margaret Pastor and her son was identified as the Defendant Andrew John Pastor. Margaret reported that the Defendant was behaving in an unusual manner and had locked himself in his bedroom. Margaret was concerned the Defendant would harm himself. Ofc Smith and Ofc Dolci responded to the scene and entered the residence. At some point the two officers encountered the Defendant inside the residence. The Defendant pointed a firearm at the officers and multiple shots were fired by both officers.

Lt Imel stated he arrived on scene after the shooting and entered the residence. He found the Defendant in the southeast bedroom lying on the floor on his left side facing the bed. It initially appeared the Defendant had suffered two gunshot wounds to his right arm. Ofc Trammel secured the handgun and placed the handgun on top of the bed away from the suspect. It was undetermined at that time if the Defendant had discharged his firearm. Most of the shots occurred in or near the southeast bedroom. The only other civilian inside the residence was Margaret who was not injured.

Sgt Pusatere assigned me as the lead investigator for this agency. FDLE Agent Ryan Bliss initially arrived on scene. I was later informed that FDLE Agent Mark Mynheir will be the lead investigator for FDLE Brevard County Sheriff's Office Crime Scene Unit was summoned to the scene for processing. I did not enter the residence until after a search warrant was obtained for the residence. The search warrant was authored and obtained by Det Tillett.

ANDREW PASTOR INTERVIEW

On February 15th 2017 at 1907 hrs I arrived to Holmes Regional Medical Center and met with FDLE Agt Brad Lewis who allowed me to monitor his interview with the Defendant. The interview was conducted in the Trauma Unit and was audio recorded. The Defendant had just returned from a Cat-Scan. Ofc Galloto ID # 222 and Ofc Martin ID # 185 stood in the hallway outside the trauma room where the Defendant was located.

The Defendant was lying on his back on a hospital bed. I observed what appeared to be two wounds near his right wrist and right elbow. The Defendant appeared to be in some discomfort from his injuries but he was coherent. I stood on the left side of the hospital bed and Agt Lewis stood on the right side of the bed if one was facing the bed. The interview was led by Agt Lewis.

Agt. Lewis identified himself and me to the Defendant. Agt. Lewis asked the Defendant to explain what occurred. The Defendant initially requested we come back in a few minutes to talk to him. Agt. Lewis again asked the Defendant to briefly explain what occurred which at that time the Defendant agreed. According to the Defendant, he was resting in his bedroom with his bedroom door closed when the officers arrived to his residence. The Defendant did not know why the officers were at his residence but assumed his mother had summoned the police. He heard the officers in hallway outside his bedroom identify themselves. One of the officers identified himself as being the same officer who had responded the day prior. According to the Defendant, the day prior his sister who lives out of state summoned Palm Bay Police to his residence because he would not answer the phone. The sister was later identified as Marlene Dias.

The officers requested the Defendant to come outside his bedroom but the Defendant refused and told the officers to leave. One of the officers requested he be allowed inside the bedroom but the Defendant refused to open the door. Defendant told the officers to leave again but the officers refused to leave. Defendant stated he then told the officers he was going to count to three then he was going to exit his bedroom shooting. Defendant stated he was armed with a loaded .38 revolver. According to the Defendant, he counted to three then exited the bedroom.

He entered the hallway holding his handgun in his right hand but he could not confirm how he was holding the handgun. Defendant claimed he turned his head when he exited the bedroom and was subsequently shot. Defendant claimed he did not see the officers when he exited the bedroom. As the interview continued the Defendant became agitated and requested we come back later to continue the interview with him.

I made contact with Holmes Regional Trauma Physician Dr. Peso and he stated it appeared the Defendant was shot once in the right arm. It appeared the bullet entered near his right wrist and traveled upward and exited near his elbow. This is consistent with the Defendant having his right arm raised outward when he was shot.

Upon leaving the hospital I instructed Ofc. Galloto and Ofc. Martin to remain at the hospital to guard the Defendant. I made arrangements to have 24 hrs police security on the Defendant until he was released from the hospital due to pending charges.

The Defendant's mother was interviewed by Det. Mynheir. Witness officers were interviewed by FDLE Agents Ryan Bliss and Agent Brad Lewis. Det. Jones monitored the interviews. (See the appropriate supplements.)

visually examine the crime scene. This was the first time I entered the residence. BCSO Crime Scene Unit was on scene processing the scene. FDLE Agt Mynheir was also on scene.

The residence is located on the north side of the road and the front door faces south. As I entered the living room I observed several casings on the living room floor.

I walked down the hallway that leads eastward from the living room to the bedrooms. There were several bullet holes on the hallway walls. I observed several bullet holes in the hallway closet at the east end of the hallway between the northeast and southeast bedrooms.

The first bedroom I encountered is located on the south side of the residence. There were several through and through bullet holes located through the bedroom door and the adjacent wall that also borders the southeast bedroom. Spent casings were also located in this room.

The second bedroom I encountered is located on the southeast side of the residence. This room was determined to be the Defendant's bedroom. There were several through and through bullet holes through the door. I observed a chrome revolver resting on the bed. This handgun was later identified as a .38 Special revolver (SN # 5K2263). The bullets had been previously removed from the chamber and were resting on the bed next to the revolver. The .38 Special revolver was fully loaded when it was recovered and did not appear to have been discharged.

I observed no damage to the northeast bedroom. I cleared the scene at approx 2245 hrs.

The Defendant had been removed from the Trauma Unit and was in a recovery patient room (Room # A642). Ofc Shields was present guarding the Defendant. I read the Defendant Miranda Warnings and he advised he understood his rights and agreed to questioning.

I requested the Defendant to explain the events that led to the shooting at his residence. Defendant stated he was inside his residence with his mother when the police arrived on scene. He didn't know who summoned the police but assumed it was his sister who called. Defendant identified the southeast bedroom as being his bedroom. He was inside his bedroom with the door closed when he heard the police in the hallway outside the bedroom requesting to speak with him. One of the officers identified himself as being the same officer who responded the day prior (02/14/2017). A computer check through this

agency CAD system revealed that on 02/14/2017 Ofc Dolci responded to the residence regarding a well-being check on the Defendant's mother (CFS # 17-0450377)

Defendant asked the officer to leave but the officer indicated he could not leave. Defendant stated he decided to exit the bedroom in an attempt to get the officer to kill him. Defendant warned the officers that he was going to count to three then he was going to exit the bedroom shooting. Defendant then opened the bedroom door armed with his loaded 38 revolver in his right hand. The northeast bedroom is located directly across from the Defendant's bedroom. He looked into the northeast bedroom but did not see anyone. He then turned his head to the left and saw a police officer. The officer then shot at the Defendant. According to the Defendant, the first shot struck him on the right arm. Defendant fell back into his bedroom after he was shot followed by what he assumed were several officers rushing into the bedroom.

Defendant stated he never discharged his firearm. Defendant could not confirm if he had pointed the handgun at the officer. Defendant stated it was intention to have the officer shoot him but it was not his intention to harm the officers. He determined that the officers did the right thing by shooting him. According to the Defendant, he is suffering from several medical conditions and has been contemplating suicide for the past several days. Defendant stated he is diagnosed with diabetes and he is HIV positive. Certain medication he takes influences him to have thoughts of suicide.

I made contact with the Defendant's sister, Marlene Dias and she stated that on 02/14/2017 during a phone conversation with the Defendant he informed her that one of his friends from AA (Alcohol Anonymous) was at the residence visiting. He also informed Dias that this friend was there to take care of their mother. When Dias expressed her disapproval of the friend taking care of her mother the Defendant disconnected the phone call. She immediately called the Defendant back several times but he would not answer the phone. This concerned Dias so she contacted the Palm Bay Police Department and requested they respond to the residence to conduct a well-being check on her mother.

Dias could not confirm if the Defendant is suffering from any mental disorders. She did describe the Defendant as being paranoid. She stated he often feared the police and thought drones were flying above his residence. According to Dias, approx two years ago the Defendant made threats to commit suicide by jumping off a bridge.

On February 17th, 2017, at approx 1800 hrs, the Defendant was released from Holmes Regional Medical Center. He was physical arrested and transported to the Brevard County Jail by Ofc Sielicki.

At some point after the Defendant entered his bedroom School Crossing Guard Pauline Tobar came by the residence for a visit. During the visit Margaret informed Tobar that the Defendant was not feeling well and had locked himself in the bedroom. Tobar immediately called the police.

When the police arrived on scene Margaret allowed them inside the residence. The officers asked Margaret for the location of the Defendant's bedroom. Margaret pointed out the location of the Defendant's bedroom. Margaret knew the Defendant kept a firearm in his bedroom but she never provided the officers with that information. Shortly after the officers walked towards the Defendant's bedroom Margaret heard gunshots. Margaret remained seated in the living room startled from the sounds of the gunshots. After the shots were fired Margaret located casings on the living room floor near the hallway. She removed some of the casings from the floor and placed them on a
